Literary nonsense Wikipedia

Literary nonsense (or nonsense literature) is a broad categorization of literature that balances elements that make sense with some that do not, with the effect of subverting language conventions or logical reasoning. Even though the most well-known form of literary nonsense is nonsense verse, the genre is present in many forms of literature.

Fun little nonsense sayings for a lightened heart and funny sayings. This e-book is quite interesting and fun to read since most of the snips are nonsensical if you have a sense of humor they will become stuck in your head and you will repeat them to yourself over and over.
